FOREWORD

In submitting our revised edition of the Bank Act of California to embody the amendments adopted at the 1921 Session of the Legislature, we have been guided by the same principles observed in the publication of the original edition two years ago, *namely*, to prepare a volume easy of reference and convenient in form.

Immediately following the amended sections, brief publishers' notes indicate the effect of the amendment, thus obviating the necessity of comparing the present with the previous reading.

We acknowledge the valued assistance of the California Bankers' Association in providing a synopsis of the amendments, as well as the painstaking work of Robert C. Young, of the San Francisco Bar.
