**THE GENTLE ART:
SOME SKETCHES AND STUDIES.**

The Salmon and Trout Magazine, referring to *The Gentle Art*, said:—"Mr. Lamond has a pretty trick of the pen; he writes clearly and, what is even more commendable, in good English. The book deserves an honoured place on every angler's bookshelf, and we venture to reiterate the hope that it will not be the last that we shall see by the same author."

The Glasgow Herald said:—"We cannot indeed believe that anyone who has any literary sense at all can read these articles without appreciating the powers of observation and the feeling for nature which they disclose and the literary charm with which they are expressed."
