CONTENTS.

	Page.
INTRODUCTION	13-17
Historical.....	13
Purpose of report.....	13
Imperfect and incomplete statistical data.....	13
Correlation of financial and general statistics.....	13
Schemes for uniform accounts and reports.....	14
Requirements for a successful scheme of uniform accounts and reports.....	14
Primary classification of expenditures.....	14
Expenses.....	14
Outlays.....	14
Functional classifications.....	15
Accounts of different orders.....	15
No radical change in methods of accounting.....	15
Separate publication of financial and general statistics.....	15
Summary of prior statistics.....	15
Contents of this volume.....	16
Connection and interrelation of the services covered by this report.....	16
PART I.—SEWERS AND THE SEWER SERVICE.	
CHARACTER AND IMPORTANCE OF SEWER SERVICE	18
The sewer service and census investigations relating thereto.....	18
Sewerage problems and public health.....	18
SEWER SERVICE ACCOUNTS, RECORDS, AND REPORTS	18-20
Inadequacy of records relating to sewers and the sewer service.....	18
Scheme of accounts.....	18
Distribution of incidental operating accounts.....	18
Subgeneral accounts.....	19
Outlay accounts.....	19
Revenue and appropriation accounts.....	19
Accounts for boards of public works.....	19
Financial reports by sewer departments.....	20
Physical records.....	20
SEWERS AND SEWER SERVICE STATISTICS	20-35
Sewer systems.....	20
Increase in sewer mileage: 1907-1909.....	21
Sewers classified by construction material.....	21
Manholes.....	22
Catch basins.....	22
Ventilation.....	23
Inverted siphons and siphons.....	23
Storm-water overflows.....	23
Distance from sewer outlet to nearest waterworks intake.....	23
Cost, or replacement value, of sewer systems.....	23
Sewer statistics of Table 2.....	24
Sewers built during the year.....	24
Methods of financing sewer construction.....	24
Charges or special assessments for sewer maintenance.....	27
Operation and maintenance of sewer systems.....	27
House connections.....	27
Flushing of sewers.....	28
Cleaning of sewers.....	29
Cleaning of catch basins.....	29
Volume of sewage.....	29
Pumping of sewage.....	30
Sewage purification systems.....	31
Sewage purification in tanks.....	31
Average detention period.....	31
Sludge produced.....	31

SEWERS AND SEWER SERVICE STATISTICS—Continued.	Page.
Disposition of sludge.....	31
Chemicals used in the purification of sewage in chemical precipitation tanks.....	32
Cost of precipitation tanks.....	32
Sewage purification in filters.....	32
Miscellaneous information relating to sewage disposal.....	33
Removal of night soil.....	34
PART II.—REFUSE-DISPOSAL SERVICE.	
REFUSE AND THE SERVICE FOR ITS COLLECTION AND DISPOSAL.....	36, 37
Classes of city refuse.....	36
The refuse disposal service and its importance.....	36
Systems of refuse collection.....	36
Methods of refuse disposal.....	37
Units of service.....	37
ACCOUNTS, RECORDS, AND REPORTS OF REFUSE-DISPOSAL SERVICE.....	37-39
Financial records.....	37
Scheme of accounts.....	37
Subgeneral and primary accounts.....	38
Revenue and appropriation accounts.....	38
Distribution or incidental operating accounts.....	38
Accounts other than those for refuse-disposal service.....	38
Reports of refuse-disposal expense, outlays, revenue, and appropriations.....	38
Physical and general records.....	38
Records of employees and of work performed.....	38
Records of equipment and general information.....	39
COLLECTION OF REFUSE BY CITY EMPLOYERS AND CONTRACTORS.....	39-42
Statistics of refuse collection.....	39
Collection of household refuse under the combined system.....	39
Frequency of mixed refuse collection.....	40
Collection of garbage.....	40
Collection of ashes.....	40
Collection of rubbish.....	41
Collection of dead animals.....	42
SORTING OF REFUSE.....	42
Cities reporting the sorting of refuse.....	42
DISPOSAL OF REFUSE BY CITY EMPLOYERS AND CONTRACTORS.....	42-46
Growing problem of refuse disposal.....	42
Disposal of mixed refuse.....	42
Disposal of garbage by city employees.....	43
Disposal of garbage by contractors.....	44
Disposal of ashes.....	44
Disposal of rubbish.....	44
Disposal of waste paper.....	45
Disposal of dead animals.....	45
COLLECTION AND DISPOSAL OF REFUSE UNDER PRIVATE ARRANGEMENT OF HOUSEHOLDER.....	47, 48
Refuse collected and disposed of at householder's expense.....	47
Cities with private arrangements for collecting garbage.....	47
Regulations of private collection.....	47
Cities with private arrangements for collecting ashes.....	48
Cities with private arrangements for collecting rubbish.....	48
Cities with private arrangements for collecting waste paper.....	48
Cities with private arrangements for collecting butchers' and market wastes.....	48
Cities with private arrangements for collecting dead animals.....	48
REDUCTION PLANTS.....	49
Number of plants and their work.....	49
Reduction plants operated by private parties.....	49
Reduction plants operated by the city.....	49
INCINERATION PLANTS.....	50
General statistics.....	50
Refuse incineration plants operated by city.....	50
HORSES EMPLOYED BY CITY IN ITS REFUSE-DISPOSAL SERVICE.....	51
Statistics of horses employed.....	51
EXPENSES OF REFUSE-DISPOSAL SERVICE.....	51, 52
Source of financial data.....	51
Average costs of refuse-disposal service.....	51
Cost of removing dead animals.....	52
REVENUES FROM REFUSE DISPOSAL.....	52, 53
Cities obtaining revenues from refuse disposal.....	52

CONTENTS.

PART III.—STREET-CLEANING SERVICE.

	Page.
DEFINITIONS, METHODS, AND NECESSITY OF SERVICE.....	54, 55
Definitions.....	54
Necessity for street cleaning.....	54
Disposal of street cleanings.....	54
Methods of street cleaning.....	55
Snow and ice removal.....	55
ACCOUNTS, RECORDS, AND REPORTS OF STREET-CLEANING SERVICE.....	55, 56
Uniform accounts and reports of street-cleaning service.....	55
Physical or general records.....	56
Records of contract street cleaning.....	56
STATISTICS OF STREET-CLEANING SERVICE.....	57, 58
Contents of general tables.....	57
Imperfections of statistics.....	57
Highway areas cleaned.....	57
Areas regularly cleaned.....	57
Changes in the character of service.....	57
Percentage of area swept.....	57
Areas occasionally cleaned.....	57
Frequency of street cleaning.....	58
Average number of employees in street cleaning.....	58
Statistics of snow and ice removal.....	58

PART IV.—DUST-PREVENTION SERVICE.

CHARACTER AND IMPORTANCE OF SERVICE.....	59
Relation of service to public cleanliness and public health.....	59
Relation of service to the general highway service.....	59
ACCOUNTS, RECORDS, AND REPORTS.....	59, 60
Essentials for good accounts and reports.....	59
Units of service.....	59
Uniform accounts for service.....	59
STATISTICS OF DUST-PREVENTION SERVICE.....	60-62
Street sprinkling with water.....	60
Length and area of streets regularly sprinkled.....	60
Sprinkling by car sprinklers.....	60
Quantity of water used in sprinkling.....	61
Cost of sprinkling.....	61
Frequency of sprinkling with water.....	61
Portions of street sprinkled.....	61
Special assessments for street sprinkling with water.....	62
Water sprinkling by private associations.....	62
Dust preventives other than water.....	62

PART V.—HIGHWAYS AND GENERAL HIGHWAY SERVICE.

DEFINITIONS, ACCOUNTS, RECORDS, AND REPORTS.....	63, 64
Definitions.....	63
Requirements for uniform accounts and reports.....	63
Scheme of accounts.....	63
Distribution of incidental operating accounts.....	64
Physical and general records.....	64
STATISTICS OF HIGHWAYS AND GENERAL HIGHWAY SERVICE.....	64-81
Elasticities of streets and alleys.....	64
Length, area, and width of paved streets.....	65
Streets with durable pavements.....	65
Streets with nondurable pavements.....	65
Durable street pavements, classified by kind of surface.....	66
Sheet-asphalt pavements in streets.....	66
Bitulithic pavements in streets.....	66
Tar-bound macadam pavements in streets.....	66
Granite and Belgian block pavements in streets.....	66
Cobblestone pavements in streets.....	67
Brick pavements in streets.....	67
Crossed wood-block pavements in streets.....	67
Untreated wood-block pavements in streets.....	67
Other durable pavements in streets.....	67
Nondurable pavements in streets, classified by kind of surface.....	68
Oil-bound macadam pavements in streets.....	68
Water-bound macadam pavements in streets.....	68

STATISTICS OF HIGHWAYS AND GENERAL HIGHWAY SERVICE—Continued.		Page.
Water-bound gravel pavements in streets	68
Other oil or water bound pavements in streets	68
Comparisons between 1907 and 1909	68
Average life of street pavements	69
Street pavements laid by contract and by city employees	70
Cost of pavements laid in 1909	70
Sheet-asphalt pavements, classified according to the year in which laid	72
Bituminous and tar-bound macadam pavements, classified according to the year in which laid	72
Crossed wood-block pavements, classified according to the year in which laid	72
Brick pavements, classified according to the year in which laid	72
Water-bound macadam pavements, classified according to the year in which laid	72
Unpaved streets	74
Statistics of alleys	74
Asphalt repair plants operated by cities	74
Quarries operated by cities	75
Gravel pits operated by cities	75
Statistics of sidewalks	75
Highway bridges	76
Bridges over 50 feet in length	76
Cost of bridge construction	77
Bridges under 50 feet in length	77
Drawbridges	77
Elevated street railways	78
Steam-railroad crossings	78
Subways and tunnels for street cars	80
Conduits owned by city	80
Street lighting	80
Docks and wharves	81

PART VI.—STATISTICS OF SALARIES AND WAGES.

Contents of Table S3	82
Salaries of the highest paid officials	82
Salaries of foremen and inspectors	83
Wages of mechanics and skilled laborers	83
Wages of teamsters	84
Wages of unskilled laborers	84
LIST OF CITY NUMBERS	85

GENERAL TABLES.¹

Table 1.—Sewers—General statistics of sewer systems: 1909 (20)	88
Table 2.—Sewers—Mileage at close of year, classified by character and by material of which constructed: 1909 (24)	94
Table 3.—Sewers—Mileage built during year: 1909 (24)	97
Table 4.—Sewers—Employees and expenses of operation and maintenance: 1909 (27)	100
Table 5.—Sewers—House connections: 1909 (27)	104
Table 6.—Sewers—Flushing of sewers and cleaning of sewers and catch basins: 1909 (28)	108
Table 7.—Sewers—Discharge of sewage: 1909 (30)	114
Table 8.—Sewers—Pumping of sewage: 1909 (30)	117
Table 9.—Sewers—Sewage-purification systems: 1909 (31)	118
Table 10.—Sewers—Sewage purification in tanks: 1909 (31)	119
Table 11.—Sewers—Sewage purification in filters: 1909 (32)	119
Table 12.—Refuse disposal—Quantity of garbage, ash, and rubbish collected, number of employees engaged in service, and expenses of collection and disposal: 1909 (30)	120
Table 13.—Street cleaning—General statistics of street cleaning: 1909 (57)	124
Table 14.—Street cleaning—Area (square yards) of paved streets and alleys regularly cleaned, by specified methods and with stated frequency: 1909 (58)	130
Table 15.—Street cleaning—Average number of employees during the street-cleaning season: 1909 (68)	133
Table 16.—Street cleaning—Snow and ice removal: 1909 (64)	136
Table 17.—Dust prevention—Street sprinkling with water by city: 1909 (60)	138
Table 18.—Dust prevention—Use of dust preventives other than water: 1909 (62)	142
Table 19.—Highways—Mileage and per cent distribution of the length of streets and alleys, classified as with durable and nondurable pavements and as unpaved: 1909 (64)	148
Table 20.—Highways—Length, area, and average width of paved streets, classified as with durable and nondurable pavements, with per cent of the total length and area in each class: 1909 (65)	151
Table 21.—Highways—Length and area of principal kinds of paved streets, classified according to kind of surface: 1909 (65)	154
Table 22.—Highways—Area (square yards) of principal classes of street pavements laid by contractors and by city employees during the year: 1909 (70)	160

¹ Numbers in brackets following titles are those of pages on which begins the text discussion of the several tables.
