## PREFATORY NOTE

THIS edition of the *Fioretti* is based by permission upon the translation issued by the Franciscan Fathers at Upton, which has been for some time out of print. It has been carefully revised by Mr. Thomas Okey, and when necessary has been brought into closer accordance with the Italian, care having been taken to preserve as much as possible the simplicity of the original. The present publishers are enabled to avail themselves of so scholarly a rendering by the courtesy of the Catholic Truth Society, under whose auspices it first appeared. The compiler of the *Fioretti* is unknown, but the work is supposed to date from the middle of the fourteenth century.
