PREFACE.

THE important and numerous amendments made to the Nuisances Removal Acts by the Sanitary Act, 1866, has necessitated the entire revision of this work. The opportunity has been taken to incorporate in it the decisions of the Courts upon the interpretation of the Acts since the former edition.

In order to enhance the usefulness of the work the several Sewage Utilization Acts have been added; and the law in reference to those Acts has been treated of in the manner adopted with regard to the Nuisances Removal Acts.

No pains have been spared to make the work useful to the Local Authorities whose duty it is to enforce the Acts, as well as to all those—owners of property and others—whose interests may be affected by the proceedings of the Local Authorities.
