FOREWORD

This book does not pretend to be a history or even an adequate review of the work of the Conference on the Limitation of Armament, nor does it pretend to be the writer's full appraisal of that work. It is what its sub-title suggests, a collection of observations, reflections and irritations. These were set down each week of the first two months of the Conference and were published practically as they stand here by the McClure Syndicate.

I. M. T.

CONTENTS

CHAPTER	PAGE
