TWENTY-FOURTH ANNUAL REPORT

OF THE

MANAGERS AND OFFICERS OF THE CRAIG
COLONY FOR EPILEPTICS, SONYEA,
LIVINGSTON COUNTY, N. Y.

JANUARY 1, 1918

To the Legislature:

By direction of the Board of Managers, I have the honor to transmit herewith to the Legislature the Twenty-Fourth Annual Report of the Craig Colony for Epileptics.

PERCY L. LANG,
President of Board of Managers.

GENERAL INFORMATION

The Craig Colony for Epileptics is located at Sonyea in Livingston county, New York State. Seventy miles southeast of Buffalo and 40 miles south of Rochester. Including over 900 acres of woodland, it has a total area of 1,895.5 acres.

The Colony, maintained solely by State appropriations, was named in honor of the late Oscar Craig of Rochester, N. Y., president of the State Board of Charities at the time the Colony was founded in 1894. The first patient was admitted in January 1896.

From New York and Buffalo, the Colony is best reached over the Lackawanna railroad to Mount Morris, thence by conveyance or train, four and one-half miles to the Colony. From Rochester one can reach Sonyea either over the Pennsylvania or Erie and from Olean over the Pennsylvania railroad. The Pennsylvania and Erie railroads have stations on the Colony premises.

Adams Express, Western Union Telegraph offices, long distance Bell and Independent telephones are on the Colony premises.

Visitors to patients are admitted Wednesdays and Saturdays from 10:00 to 11:30 A. M., and 2:00 to 4:00 P. M. Sick patients may be visited at any time the physician in charge of such patient gives permission to that effect.

When a patient becomes seriously ill, the nearest relative of such patient, whose address is at hand, is notified as soon as possible by telegraph or letter. All inquiries about patients are promptly answered. The Colony cannot undertake to write voluntarily concerning a patient who is not ill, but will gladly reply to inquiries. Relatives and friends of patients should give prompt notice of any change in their address in order that they may be reached without delay, if necessary.

Address all inquiries regarding patients to the Medical Superintendent. Give your full name and address and the patient's full name each time you write.
