A Note

IT has been thought best to accommodate a special demand for certain parts of THE LOST ART OF READING by dividing the book and publishing an edition in two volumes, to be called the MOUNT TOM edition.

The first volume is called THE CHILD AND THE BOOK, and deals with the practical problems of reading, among children and young people, and in schools and colleges, and the second is called THE LOST ART OF READING, or, THE MAN AND THE BOOK, and deals with the more personal and private experiences of the adult reader in his struggle to remain intelligent in modern life.
