EDITOR'S INTRODUCTION

It is with great joy that the present volume is given to the public. This is the sixth of the series. Heretofore, Revelation, Genesis, Exodus-Leviticus, Numbers to Ruth, and the Pastoral Epistles of Paul, in which volume is incorporated the Epistles of Peter, John and Jude, have appeared in the order named. The present volume loses nothing in comparison with its predecessors. In some respects it will hold a deeper interest for the student of the Bible than any of the volumes thus far presented. The average Christian is greatly confused when he comes to study the book of Daniel. Not many are equipped with a technical knowledge of ancient history, and those who are so blessed find it difficult to co-ordinate the profane history of Daniel's time and subsequent centuries with the prophecies of this wonderful Book. In its study, one is always reminded of the book of Revelation, to which in many ways it is closely allied. Even then we are often at a loss to interpret its wonderful dreams, visions, and prophecies.

Dr. B. H. Carroll, the author of this volume, was at home in every branch of history, sacred, profane, ancient and modern. I question if there was in his day, or if there is now, a man anywhere who had or has a more far-reaching knowledge of history. All of this great learning and scholarly equipment has been brought to bear upon the book of Daniel and its interpretation. As
